

## **SOUP TRANSPORT FROM TOWERS TO MYLAN DURING THE LUNCHEON POSITION DESCRIPTION**

Two volunteers with pickup trucks are necessary to transport soup to the Mylan Event Center during the day of the Event.

Drivers should be present at the WVU Towers by **8:30 am on Saturday morning** to begin transporting the first heated chests of soup to the Mylan Event Center. Soup runs are scheduled to begin at ~9:00 am but sooner would be better, if possible. That is why we ask that the drivers be present to begin as soon as possible.

The drivers will be shown the designated route through the parking lot at the event center. Using the designated route assures passage to the kitchen area where the soups will be received by the kitchen staff.

The trips back from the event center might include materials that need to be returned to the WVU Towers.

If some (minimal) spillage occurs, a hose will be available to rinse it out from the truck bed.

*Note: All positions at this event are pre-assigned. We ask that you do not bring additional people with you to work at this event. **Volunteers are expected to purchase a ticket for the Event if they would like to have soup, bread and/or a bowl.***
